WORK EXPERIENCE

Eskwelabs <i>Data Modeling Intern</i>	May 2026 - August 2026
- Architected an AI-driven course proposal in collaboration with Eskwelabs using n8n and Google Suite, automating curriculum planning workflows to deliver a production-ready framework. - Spearheaded end-to-end AI solution development across iterative sprints, translating theoretical frameworks into scalable, industry-ready data engineering portfolios.	

PROJECTS

SeePAT <i>Project Leader</i>	January 2026 - Present
Currently leading the ongoing development of a Python-based multi-modal machine learning forensic framework (i.e. Thesis), which is built on biological speech constraints, to detect micro-temporal sync-gaps for advanced synthetic media analysis.	
MaridOne <i>Project Leader</i>	August 2025 - May 2026
- Directed the end-to-end development of a custom HRIS and payroll system utilizing Java (Spring Boot), Typescript (React), CSS, and PostgreSQL, delivering a secure backend and modern frontend for Marid Industries. - Managed all phases of the software development lifecycle through consistent client communication, ensuring strict alignment with project expectations up to the final defense.	

CAMPUS INVOLVEMENT

Computer Science Society <i>Auditor</i>	August 2026 - Present UST
- Audit the organization's financial records and transaction logs, maintaining strict transparency and full compliance with university guidelines. - Evaluate event budget proposals and expenditure reports, ensuring the responsible and accurate allocation of organizational funds.	
Computer Science Society <i>3rd-Year Level Representative</i>	August 2025 - May 2026 UST
- Advocated for student welfare as the primary liaison between the 3rd-year batch and faculty, resolving academic concerns through clear, consistent communication. - Spearheaded major departmental events, including CodeSprint, CS Research Colloquium, and OlympiCSS, delivering highly successful, batch-wide initiatives.	
Computer Science Society <i>Executive Associate to the 2nd-Year Level Representative</i>	September 2024 - May 2025 UST
- Assisted the 2nd-Year Level Representative in advocating for student welfare, helping to address and resolve academic concerns for the 2nd-year batch. - Supported the planning, logistics, and execution of key departmental events, ensuring smooth operations for batch-wide initiatives.	

EDUCATION

University of Santo Tomas <i>Bachelor of Science in Computer Science</i> <i>Current GWA: 1.179 / DOST Merit Scholar</i>	August 2023 – Present Sampaloc, Manila
Immaculate Conception Child Development Center, Inc. <i>Science, Technology, Engineering, and Mathematics strand</i> <i>With High Honors</i>	June 2023 Pandi, Bulacan

SKILLS & INTERESTS

Languages & Frameworks: Python, Java (Spring Boot), JavaScript, TypeScript, PHP, Dart, React, Node.js, Flutter, HTML/CSS
Cloud & Databases: AWS, Firebase, Supabase, Vercel, PostgreSQL, MySQL
Tools & Automation: Git, Docker, Postman, n8n, Google Workspace, MS Office
Competencies: Full-Stack Development, Machine Learning, Data Modeling, System Architecture, Project Management, Technical Documentation
